

Ton21 (T21) — WhitePaper v3 (Draft, EN)

Introduction

Ton21 (T21) is a community-driven token built on the TON blockchain with a fixed supply of 21,000,000 T21. Our mission is to unite DeFi, gaming, and community engagement in one ecosystem. We believe in long-term growth, transparency, and the power of people to shape the future of finance together.

Mission & Vision

- Mission: Create a strong, decentralized ecosystem powered by community and innovation.
- Vision: Build Ton21 into a global project with utility in DeFi, games, and partnerships, while remaining transparent and community-focused.

Tokenomics

- Total Supply: 21,000,000 T21
- Distribution:
 - 35% Liquidity & Ecosystem
 - 25% Community Rewards & Airdrops
 - 20% Partnerships & Development
 - 15% Team & Contributors (locked, vesting)
 - 5% Reserve Fund (locked until May 20, 2035)

Roadmap

Q4 2025

- Website launch
- WhitePaper v3 release
- Listing on DEX (DeDust / STON.fi)
- First partnerships

2026

- Listings on CEX
- First DeFi & gaming projects using T21
- Marketing expansion

2027

- DAO governance system
- Staking implementation
- Bigger integrations with TON ecosystem

2028+

- Global partnerships
- Large-scale adoption
- Full ecosystem expansion

Use Cases

- DeFi: Swap, liquidity pools, staking
- Gaming: In-game currency, rewards, NFTs
- Community: Airdrops, contests, referral programs
- Partnerships: Cross-project collaborations in TON ecosystem

Community & Contributors

Ton21 is built by its community:

- Developers — smart contracts, technical improvements
- Marketing team — awareness, campaigns, partnerships
- Community leaders — contests, events, user support

Security & Transparency

- Fixed supply: 21,000,000 T21
- Reserve fund (5%) locked until May 20, 2035
- Liquidity transparently managed by the community
- Contract verified on TonScan and accessible to all
